

Shooting Stars Tips for: Strings Auditions

1) BE PROFESSIONAL

- Keep up-to-date with your calendar.
- Prepare and submit all materials on time.
- Plan and prepare repertoire with your nominating teacher and/or private instructor
- Use this opportunity to help you prepare for college auditions if you are planning on majoring in instrumental music.

2) LOOK PROFESSIONAL

- Dress for the occasion. Remember: you want the judges to think about you, not about your clothes.
 - plan audition clothing well in advance.
 - practice in your clothing, especially shoes for gals and coat and shoes for guys.
 - make sure all clothing fits well and is cleaned and pressed! You want to be comfortable yet professional. Don't wear revealing clothes or shoes, which definitely means no flip flops!
 - coordinate accessories: jewelry, shoes, neckties, etc.
- Options to consider: suit or coat, necktie or not, please, no t-shirts. Also consider either a dress or pants and a nice blouse, height of heels, length of skirt, hair style (it's important that your hair is out of your eyes!).

3) ACT PROFESSIONAL

- When you introduce yourself also introduce the selections you will perform and the composers. Also introduce your accompanist (if you have one.)
- Show confidence and enthusiasm, but not arrogance.
- Tune instrument before starting to play.
- Present yourself professionally. Judges not only consider your technical ability (playing/performing all the notes), but also your musicianship (how you play/perform, and how you play/perform with your accompanist).

4) SOUND PROFESSIONAL

- Maintain a regular daily practice schedule.
- Choice of material - your selections should:
 - be age and technical ability appropriate
 - be material that moves you; shows your heart and strengths
 - show your flexibility, i.e. contrasting pieces by two different composers
 - meet all criteria of the Shooting Stars Scholarship Guidelines
- Study scores with care; strive for no rhythm or note mistakes
- Work to infuse the music with feeling and purpose; communicate and tell the story
- Remember, most of you will be standing for your audition - practice standing and holding your instrument
- If using an accompanist, arrange for one now to make sure they are available. Be sure to practice with your accompanist well in advance of your audition.
- Practice in front of a mirror.
- Arrange for a practice audition - at home, at school, etc. - with nominating teacher, private instructor and/or parents available to provide feedback/critique.
